Trico Reaches a Tentative Settlement with the Arizona Corporation Commission

Trico has reached a tentative Settlement of its rate case (Docket No. E-01461A-15-0363) with the Staff of the Arizona Corporation Commission (ACC).

The monthly customer charge that everyone pays, including solar Members, would increase from \$15 to \$24; and the energy rate would decrease from 12.16 cents per kWh to 11.2 cents per kWh for the first 800 kWh, resulting in about a \$2 increase in the average monthly bill. This is so that everyone who uses the electric grid pays at least some of the costs of building, maintaining and financing the grid each month.
